

# Women in Claims-Making

Didier Ruedin

University of Neuchâtel

SOM Workshop, 17<sup>th</sup> March 2012

# Research Question

- Are women as likely as men to make claims in the news?

# Methods

- Variable ACTPERSNAME
- Extracted first names, and manually assigned the sex according to first name (for 200 most common first names in the data)

# Findings

- Significant differences across countries
